It was in 1987 a year after buying an existing bakery and confectionery business based in Market Drayton that 'Image on Food' produced their first gingerbread novelty biscuits, and, that is all because their two year old daughter asked them to bake her a gingerbread "pig" with an iced pink curly tail!! They had trialled different recipes over a period of time, and, whilst they made these to sell in their shop and local market stalls, they got noticed. After a local tourist attraction requested 700 biscuits and sold out within 3 weeks... they realised that they had found a niche market! Still running a busy bakers shop the gingerbread was produced alongside the baking of the bread, morning goods, highly decorated cakes and gateaux's. From 1997 – 2005 the business grew and as well as selling to prestigious London stores, Independents & Distributors they were recognised by winning National Awards.
